Exp.No:5A

Student Admission Reports Suite — Report Types Use Case

Aim:

To design and implement a complete Reports Suite in Zoho Creator for the Student Admission Enquiry Management application using all nine available Report Types — List View, Spreadsheet View, Kanban View, Calendar View, Map View, Timeline View, Pivot Table, Chart View, and Summary View — to enable the Admission Cell, Department Coordinators, Outreach Team, and College Management to efficiently view, update, analyze, and manage student admission enquiry data from different perspectives.

Reports Used:

No.	Report Type	Report Name	Main Purpose
1	List View	All_Enquiries_List	View all enquiries in a simple list
2	Spreadsheet View	Enquiries_Spreadsheet	Bulk edit admission-related statuses
3	Kanban View	Enquiry_Status_Kanban	Track enquiries according to admission stage
4	Calendar View	Counselling_Schedule_Calendar	View scheduled counselling activities
5	Map View	Applicant_School_Map	Identify geographical distribution of applicants
6	Timeline View	Enquiry_Activity_Timeline	Track enquiry inflow over time

No.	Report Type	Report Name	Main Purpose
7	Pivot Table	Course_By_Gender_Pivot	Analyze course-wise gender distribution
8	Chart View	Course_Popularity_Chart	Visualize course popularity
9	Summary View	Course_Wise_Summary	Summarize course-wise enquiry statistics

Workflow Summary:

Step 1: Applicants submit admission enquiries through the Admission_Enquiry_Form as covered in the base use case.

Step 2: The Admission Cell monitors incoming enquiries using the All_Enquiries_List and the Enquiry_Activity_Timeline.

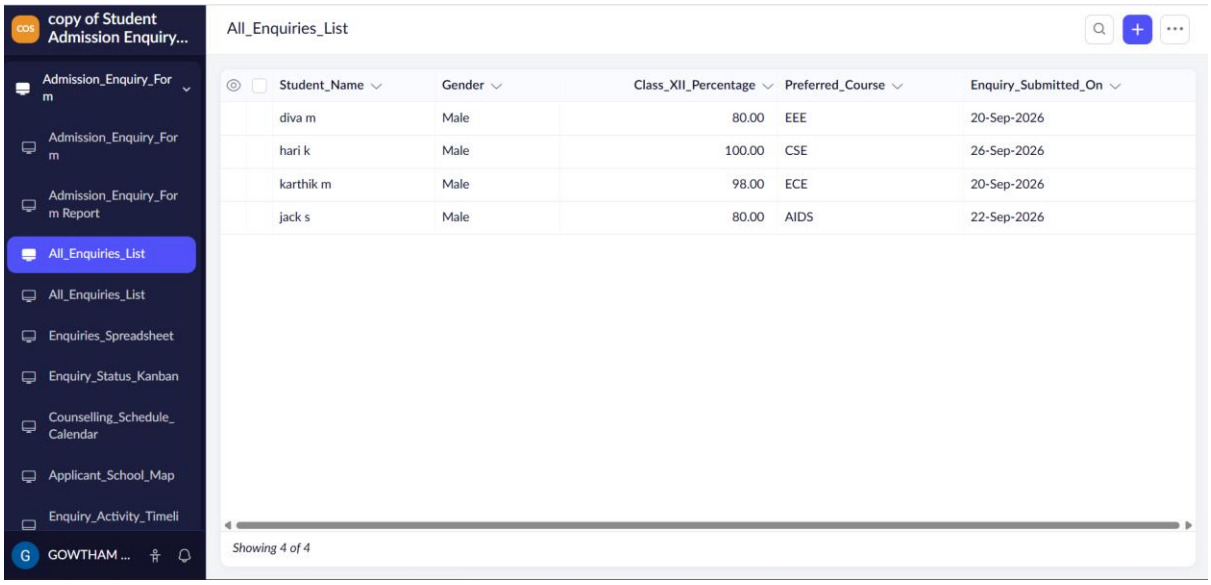

Step 3: As document verification proceeds, staff track progress visually using the Enquiry_Status_Kanban.

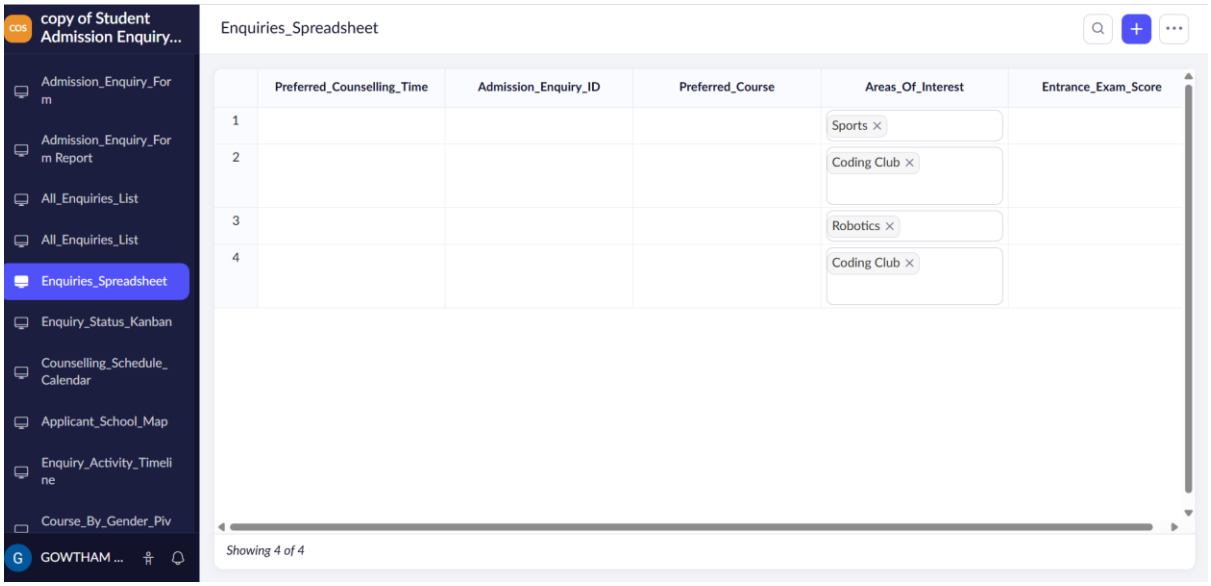

Step 4: Department coordinators use the Counselling_Schedule_Calendar to prepare for each day's scheduled counselling sessions.

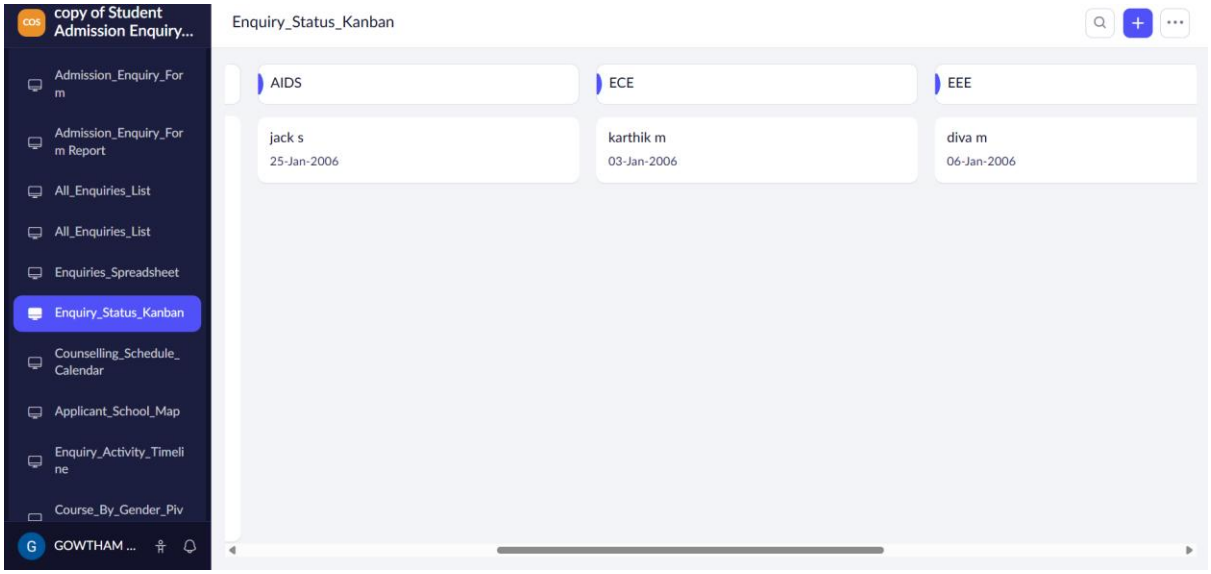

Step 5: The outreach team uses the Applicant_School_Map and Course_Wise_Summary to plan school visits and academic-profile-based counselling.

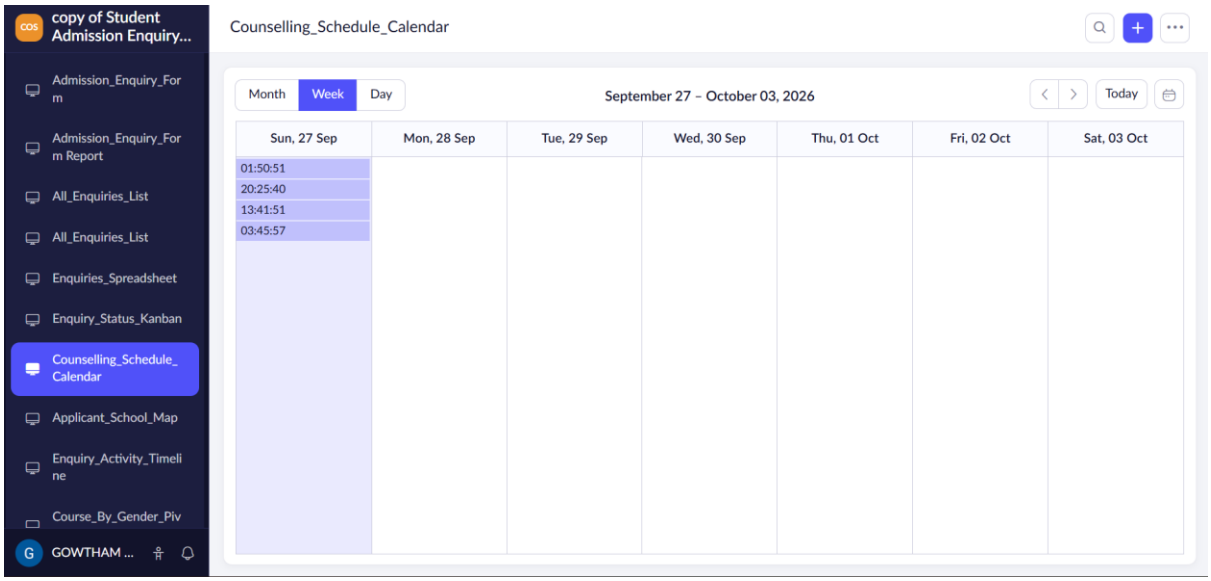

Step 6: College management reviews the Course_By_Gender_Pivot and Course_Popularity_Chart in planning meetings to adjust seat allocation and outreach focus.

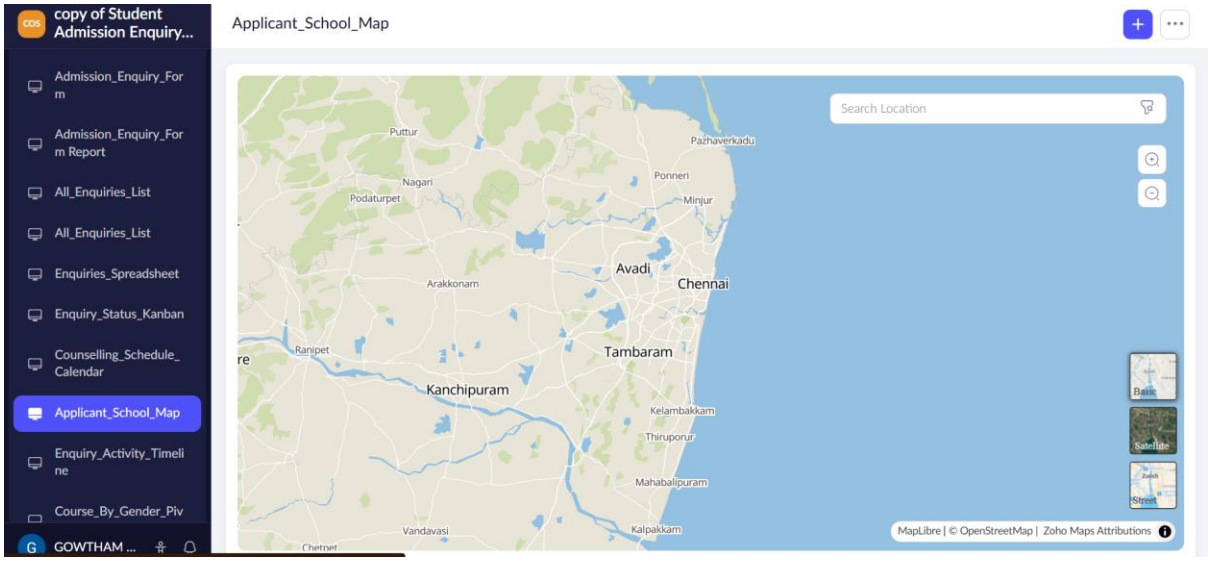

Step 7: On a daily basis, the Admission Cell uses the Enquiries_Spreadsheet to update verification and counselling status in bulk.
